

PREDATOR[®] SS with SIMPLIFIED STRETCH

Simple and easy to use, the Predator[®] SS is the affordable solution to stretch wrap your load without stretching your budget. The Predator[®] SS is loaded with features, including top and bottom counters, photo eye, and two (2) wrapping modes. State-of-the-art INFO screen shows current machine operation and makes troubleshooting easy. The Simplified Stretch allows you to precisely adjust your film stretch and film force on your load with the turn of a knob.

For more information on the most complete line of stretch wrap equipment in the world, visit our web site at www.highlightindustries.com

Available in high profile or low profile as shown. Maintenance-free turntable with 4,000 pound, 52" x 52" x 80" load capacity.

Optional ramp locks into three different positions for convenient hand pallet jack loading.

Photo eye senses load height.

Simplified Stretch is easy to use. Just turn the knob to increase stretch and force on the load.

Standard wrap height of 80 inches.

Easy to use controls.

2 wrapping modes.

- **Info** displays machine operation and provides data for diagnostics
- **2 wrap modes** select spiral up and down, or spiral up only.
- **System reset** allows carriage and turntable to return to home position.
- **Turntable jog** allows manual jog operation of the turntable.
- **Carriage jog** allows for manual raising and lowering of the film carriage.
- **Top and bottom wraps** place one to ten additional wraps of film at the top or bottom of your load for extra stability.
- **Start** begins operation of the machine at the settings of all other controls.
- **Banding** Stops the film carriage anywhere in its travel to provide extra "banding" wraps to reinforce the load.
- **Turntable speed** adjusts the speed of the turntable for your particular load.
- **Carriage speed** allows you to adjust carriage speed for film overlap.
- **Stop** Halts all machine functions immediately. Pull STOP out and press START button to complete the wrapping cycle.
- **Power safety disconnect** must be ON to operate your Predator® SS.
- **Electrical cabinet** with two keyed locks for safety and security.
