

TAKE-A-LABEL

# MODEL TAL-450

*Label Dispenser*

## Providing Economical Solutions in Label Dispensing Systems

Model TAL-450 has been the industry standard for over 40 years. Designed and built to work with almost any label construction. The TAL-450 is simple to operate and will keep up with production day after day.

Designed and built in the USA the TAL-450 is built with an eye to detail and durability. Featuring an adjustable unwind tension system as well as a vertical peel edge for a more ergonomic dispense. The TAL-450 has remained relatively unchanged for the last 40 years, and that is a testament to its design and durability.

## TAKE-A-LABEL

### TAL-250SS, TAL-450SS & TAL-750SS

### Providing Economical Solutions in Label Dispensing Systems

The TAKE-A-LABEL Model TAL-250SS, TAL-450SS, and TAL-750SS are designed for a harsh or in a controlled environment. Where high humidity and moisture can destroy a steel unit, or where harsh chemicals are needed to clean. The exterior of these machines are made completely out of stainless steel, aluminum and plastic and designed for the medical field, dairy, and food industries. These machines provide the power and performance necessary for the most demanding applications.

The open peel plate design allows the user to run multiple labels on a common web to increase speed, while reducing label cost. While also creating a vertical dispense and barrier free area to quickly remove labels.

#### Standard Features:

- Full Scrap Rewind with Quick Start / Removal Feature
- Label Roll Diameter up to 12"
- Stainless Steel Construction
- Heavy Duty Motor with Built In Overload Protection
- Dispenses Die-cut or Butt-cut Labels
- Dispenses Multiple Labels on a Common Web
- Photo Eye Label Sensor
